BRIEF ABSTRACT OF LETTER.

Recommends Sanction to the opening of a Female dispensary at Chickballapur and forwards Copies of certain correspondence relating to the subject.

NOTES AND ORDERS.

So far back as January'06 the Senior Surgeon (Dr. Smyth) brought to the notice of Govt the necessity for a Female dispensary at Chickballapur and even urged that the one at Hassan might be abolished in view of a Hospital

then proposed to be opened by the Wesleyan mission at the place and the Sanke transferred to Chickballapur. Please See D^r Smyth's letter no: G 5219 4/5.1.06 (para 2) The Female dispensary at Hassan has however been left alone for reasons recorded by the Dewan in his note of 5.4.07 in med^l file no: 86 of 1906-07. (Please See page 12 of office note in the file). The Offg Senior Surgeon without any allusion to the previous correspondence on the subject repeats the recommendation that a Female dispensary at Chickballapur may be opened early in view to provide for one Miss A. Alexander who is reported to have been holding the place of an temporarily Hospl Asst, 1st class during the absence of Mrs E. Moore Lady Apothecary of the Genl Hospital, Mysore

K o l a r, 4th July 1910.

My dear Sir,

I am in receipt of your letter dated the 1st instant, anent the building for the Female Dispensary at Chikballapur.

As soon as I received the Government D. O. dated the 9th May 1910, asking for explanation how the recurring charges of the Dispensary could be met, I went through the whole file carefully and the budgets and had the matter also informally discussed at the last District Board meeting, and directed the office to reply the reference. Having immediately afterwards left on tour and then proceeded to Mysore, I was all along under the impression that the reply had been sent to Government, and it was with such an impression that I approached you with the subject.

I have today sent for the file, and I am so much grieved to find that the reply had not been sent, which I have submitted today, as per copy enclosed for favour of your reference.

I am so sorry for the inexcusable delay, and now beg that you may kindly be pleased to order, under the circumstances represented by me, payment for the acquisition of the building

which we have only to take possession of, as it will be of such great use to us in so many ways.

Dear Mylar Rao,

Adverting to your D. O. of the 9th May last, anent the opening of a Female Dispensary at Chikballapur, I have to state that the average income and recurring charges of the District Board as calculated in your Office Note being Rs. 89,833 and Rs. 78,695, there will still be left a sum of Rs. 11,142 to meet the very small expenditure of 2/3 of the cost of establishment and other charges of the Female Dispensary, which amounts to only 2/3 of Rs. 724 or Rs. 480 per annum. The finances of the District Board are also expected to improve, with the better realizations of Local Cess etc. This charge has also been duly provided for, approved of and sanctioned in the budget estimates for 1909-10 and 1910-11.

The cost debitable to the Municipal Funds of Chikballapur Town is 1/3 of Rs. 724 or Rs. 244 only, which has likewise been provided for in the sanctioned budget of the said Municipality for the years 1909-10 and 1910-11. The finances of the Municipal Board are no doubt at present in somewhat poor condition, but with the savings that I am gradually effecting, almost every year, under establishment charges, public works etc, and with an increase of income expected from a revision of house tax under the new Municipal Board and more efficient and better supervision over the collection of octroi etc which I am arranging for, the Municipal Board will be able to meet this small expenditure.

This important subject of providing a Female Dispensary to the people of Chikballapur who have very long been pressing for it, has been under correspondence for years past and was finally settled about 3 years ago. It had been deferred till now, though needful funds had been provided for and the services of a Lady Medical Officer had also been secured, only for want of

33

suitable accommodation. Now that a good building with extensive grounds, in a most eligible locality, has been selected in the new extensions, by the side of the present travellers' bungalow, the owner of which is also willing to part with it for a nominal sum, the opportunity cannot be lost, under any circumstances, as the people would be so much disappointed if it were further deferred, after so much patience and waiting on their part.

Under these circumstances, I request that the sanction of Government for the opening of the Dispensary may kindly be obtained at as early a date as possible so that we may arrange to begin the work from the commencement of the current official year.

Yours sincerely,

Sd/ C. Srikantesvara Aiyar.

2. As regards query 3 of your docket No.11699/Med. 221-07-2 dated 12-5-1908, I am to point out that the open--ing of a new female dispensary at Chickballapur means a new and unsanctioned appointment, as such, the strength of Lady Apothecaries should be necessarily increased by one. It is proposed to appoint a Lady Apothecary for the place

I selected Miss Labourchardiere to start this Dispensary because she is an earnest worker and will make it a success - once popular, an Hospital Assistant can be sent to carry on the work.

2. I cannot take on Female Hospital Assistants with-in the regular strength of the Hospital Assistants grade, as the Passed Medical Pupils have to be first provided for-even if Female Hospital Assistants were available, which is very doubtful.

*Sir,*

With reference to your No.6417/Med.22 1-07-9, dated, 11th January 1909, I have the honor to forward cop of President's letter to me, No.C.501, dated, 22nd April 1909 - and to say that I agree with his proposals. He give details of the cost at the end of his letter. I may say that the towns-people of Chickballapur seem very eager to have this Hospital started.

2. In regard to the house proposed to be ~~published~~ purchased it will have of course to be thoroughly overhauled, and have a porch built in front - A mortuary & latrine will also be required, and a small outside room for infective cases. The house, however, after mere white washing and painting could at once be made useful for the desired pur pose. I attach a rough sketch of it in pencil.

**SUBJECT.**

Amount the opening
of a Female Dispensary
at Chickballapur

No. C.501, dated, 22nd April 1909 from the President, District and Municipal Boards, Kolar District, to the Senior Surgeon, Mysore Government.

Adverting to correspondence ending with your office docket No. 4086 dated the 19th January 1909 anent the opening of a Female Dispensary at Chickballapur, I have the honor to forward herewith a sketch of the locality showing the several Government buildings at Chickballapur, and to state that all the lands to the north of the Traveller's bungalow have long been declared as prohibited areas for the erection of any private buildings, with the object of keeping that part of the town reserved for eventual expansions of Government requirements, the lands farther north being intended for the town extension.

2. There is a private house built by one Mr. C Narainsami Chetty, adjoining the Traveller's bungalow on his assessed agricultural land, which, along, with the other lands referred to above, have to be acquired by Government for public purposes. The house is a substantial building situated in a convenient central locality and so admirably well adapted for a Female Dispensary in a town like Chickballapur. You were also pleased to see it on 23rd February last, during your last inspection of the town and to express that it is suitable for such a purpose, and I need not add that instead of paying rents for any house for years together, which under the local circumstances & conditions of the place will, it has since been ascertained, not be anything less than 30 to 40 rupees per mensem, it will in the end be much cheaper to purchase this house once for all, including the grounds all round.

3. With this house for our Dispensary, the present Traveller's bungalow, with only a compound wall between them, can be converted into the Lady Medical Officer's quarters, a separate building being erected for the Traveller's bungalow on the site marked I in the sketch, a lit-

tle

little to the north of the said house. The present traveller's bungalow is an old small structure, ill-suited for the requirements of the travelling public at such an important and rising town, which once has seen better days and bids fair to come to prominence again with the introduction of railway to the place, when a much bigger and a higher class of traveller's bungalow will be needed. It is therefore proposed to move the Government to construct a new 2nd Class Traveller's bungalow on the said site No. I, as soon as funds can be provided for the same, with the designs and plans so framed as to eventually permit of extending and converting it into a 1st Class one, giving over the present bungalow to the Lady Medical Officer for her residence as suggested above. For the present, however, one of the rooms thereof can be made available for her immediate occupation.

4. As to the cost of establishment and other charges, I beg to invite reference to my letter No.1146 dated the 12th December last, wherein I have reported that the District Board and the Municipal Board of Chickballapur have agreed to meet the costs, recurring and non-recurring in the proportion therein pointed out, which, if for the present we want upon the scale of Chickballapur Dispensary for our guidance, will amount to Rs. 786, as noted in the margin, besides the Lady Medical Officer's pay. I have therefore to request that you may be so good as to address the Government in the matter and obtain early sanction of for the opening of the Dispensary which has been contemplated from such a long time.

SIR,

In compliance with your No.12055/Medl 221-08-11 of the 1st June last, I have the honor to forward herewith a valuation statement of the house of Mr.C.Narainsawmy Chetty at Chick--ballapur together with two plans of the house and site and a detailed report describing the present condition of the build--ing received from the Executive Engineer, Kolar Division.

2. The Superintending Engineer, Eastern Circle, estimates the total cost of the building including the cost of alterations and of additions required at Rs. 5,502/- vide his No.5072 of the 30th ultimo (copy enclosed). The cost of a new building for a Dispensary will be only Rs. 5,500 but the difficulty is about the site.

3. There is no provision for this work in the current year's Budget and a special grant will be necessary if the house is to be acquired by this Department.

K o l a r, 4th July 1910.

Dear Sir,

Adverting to your D. O. of the 9th May last, anent the opening of a Female Dispensary at Chikballapur, I have to state that the average income and recurring charges of the District Board as calculated in your Office Note being Rs. 89,833 and Rs. 78,695, there will still be left a sum of Rs. 11,142 to meet the very small expenditure of 2/3 of the cost of establishment and other charges of the Female Dispensary, which amounts to only 2/3 of Rs. 724 or Rs. 480 per annum. The finances of the District Board are also expected to improve, with the better realizations of Local Cess etc. This charge has also been duly provided for, approved of and sanctioned in the budget estimates for 1909-10 and 1910-11.

The cost debitable to the Municipal Funds of Chikballapur Town is 1/3 of Rs. 724 or Rs. 244 only, which has likewise been provided for in the sanctioned budget of the said Municipality for the years 1909-10 and 1910-11. The finances of the Municipal Board are no doubt at present in somewhat poor condition, but with the savings that I am gradually effecting, almost every year, under establishment charges, public works etc, and with an increase of income expected from a revision of house tax under the new Municipal Board and more efficient and better supervision over the collection of octroi etc which I am arranging for, the Municipal Board will be able to meet this small expenditure.

This important subject of providing a Female Dispensary to the people of Chikballapur who have very long been pressing for it, has been under correspondence for years past and was finally settled about 3 years ago. It had been deferred till now, though needful funds had been provided for and the services of a Lady Medical Officer had also been secured, only for want of

suitable accommodation. Now that a good building with extensive grounds, in a most eligible locality, has been selected in the new extensions, by the side of the present travellers' bungalow the owner of which is also willing to part with it for a nominal sum, the opportunity cannot be lost, under any circumstances, as the people would be so much disappointed if it were further deferred, after so much patience and waiting on their part.

Under these circumstances, I request that the sanction of Government for the opening of the Dispensary may kindly be obtained at as early a date as possible so that we may arrange to begin the work from the commencement of the current official year.

Yours

A. L. Kanakarayan
